MICHAEL O. KOCH, MD
Professor

2021 VISITING PROFESSOR

Dr. Koch joined the faculty and became Chairman of the Department of Urology at Indiana University School of Medicine in 1998. He had previously been a member of the faculty at Vanderbilt University for 12 years. Dr. Koch has served in many roles for urology nationally. Dr. Koch is a previous trustee and past-president of the American Board of Urology, past-Chairman of the Examination Committee for the American Board of Urology, past-President of the Society of Urology Chairpersons, past president of the Society of University Chairpersons, Chair of the Residency Review Committee for urology training programs and a member of the honorary societies of the GU Surgeons and the Clinical Society of GU Surgeons. In 2015, he was honored by the American Urologic Association with a distinguished contribution award. In 2017, he was awarded the Health Care Hero award by the Indianapolis Business Journal for his involvement in the development of High Intensity Ultrasound for the treatment of prostate cancer.

He has been continuously board certified since 1983 and is a fellow of the American College of Surgeons. He served as Chairman of the Board of the specialty physician group at Indiana University School of Medicine and serves in multiple capacities for his specialty, the School of Medicine, and the IU Health healthcare system. During Dr. Koch's tenure as chairman of the Department of Urology at Indiana University, the Department has grown from 7 to 23 faculty and has risen to one of the highest ranked programs at IU School of Medicine.

VANDERBILT UROLOGY SOCIETY VISITING PROFESSORSHIP AND RHAMY-SHELLEY LECTURE HISTORY

In 1972, when Mr. Richard Turner-Warwick was invited to visit the Vanderbilt Department of Urology as a guest speaker professor, an invitation was extended to the local community and in all former Vanderbilt Urology residents. The concept of combining a resident alumni reunion with an educational endeavor was enthusiastically received.

Three years later, in 1975, the Vanderbilt Urology Society was formed, consisting of all former Vanderbilt Urology residents in addition to present and former faculty. Major support for this leadership continues to come from the resident alumni group.

The Rhamy-Shelley Lecture honors two individuals who were instrumental in the development of the Urology Program at Vanderbilt. Dr. Robert K. Rhamy, a Professor and Chairman of the department from 1964 to 1981; he is remembered as a teacher and friend to his many former residents and faculty. Dr. Rhamy passed away in 2006.

Dr. Harry S. Shelley came to the Vanderbilt program in 1946, and for the next 25 years was Chief of the Urology Service at the Nashville Veterans Administration Hospital. He also distinguished himself as a beloved teacher of both residents and medical students. Dr. Shelley passed away in the spring of 1991.
